Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the ROSSER Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- You expressed a concern about the security of mail. Customers may place a lock on their mailboxes. The mailbox must have a slot large enough to accommodate the customer's normal daily mail volume. The Postal Service does not open mailboxes which are locked and does not accept keys for this purpose.

If it is determined that a discontinuance of the ROSSER Post Office should be pursued, a formal proposal will be posted in the ROSSER Post Office(s) at a later date. If you have additional questions or comments, please feel free to contact Allison Rizan at (972) 393-6485.

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the ROSSER Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- You expressed a concern over the dependability of rural route service. Rural letter carriers perform a vital function in the United States Postal Service serving thousands of families and businesses in rural and suburban areas while traveling millions of miles daily. Rural letter carriers are highly respected by the American public. This respect has been earned by many years of dedication to the Postal Service and to postal customers. During national and local emergencies, including prolonged periods of extreme weather conditions, rural carriers have demonstrated great responsibility in providing mail service to postal customers. Rural carriers are required to serve the route expeditiously and arrive at boxes at about the same time each day.

If it is determined that a discontinuance of the ROSSER Post Office should be pursued, a formal proposal will be posted in the ROSSER Post Office(s) at a later date. If you have additional questions or comments, please feel free to contact Allison Rizan at (972) 393-6485.

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the ROSSER Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- You expressed a concern about the inability of the rural carrier to weigh and rate letters and packages. The rural carrier will accept any letters or packages for mailing. The carrier will estimate the cost and provide a receipt for any money received. On the following delivery day the carrier will provide change or a bill for the amount over the estimate.
- You expressed a concern about package delivery and pickup. Rural carriers will deliver packages that fit in your rural mail box, if the package does not fit in the mail box, the carrier will deliver the package up to ½ mile off of the line of travel, at a designated place, such as on your porch or under a carport.
- You expressed a concern about inclement weather and poor road conditions, that this might impede delivery. Both inclement weather and heavy mail volume can cause deviations from the normal delivery schedule. However, the carrier is required to provide a vehicle of adequate size, equipped with necessary equipment (chains or snow tires, warning lights or signs, etc.) to serve the route safely and efficiently and in accordance with federal, state, and local motor vehicle laws and regulations.
- You expressed a concern about mailbox installation and maintenance. Customers are responsible for mailbox installation and maintenance. Mailboxes must be placed so that they may be safely and conveniently served by the carrier and must be located on the right-hand side of the road in the direction of the carrier's travel. Mailbox supports should conform to state laws and highway regulations. The Postal Service recommends that customers contact the administrative postmaster or carrier for advice on placement of mailboxes and mailbox height and supports.

If it is determined that a discontinuance of the ROSSER Post Office should be pursued, a formal proposal will be posted in the ROSSER Post Office(s) at a later date. If you have additional questions or comments, please feel free to contact Allison Rizan at (972) 393-6485.

I Tommy Ray Wilson have a P.O. Box in Rosser Tx. that belongs to my grand parents and has been in the family for about a hundred years, and I feel the Post office is very needed to prevent theft of mail, "personal" buying money orders, postal stamps, packages, registered mail and also to keep our station running for work. People have gone away but now are coming back if you just look around. I still own the property and still receive mail there and so does my son David Wilson. Would you tell your Post office being moved after being there for all these years?

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the ROSSER Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- You expressed a concern that the Postal Service exhibits a lack of interest in the mailing needs of the community. The Postal Service is required to provide each community with regular and effective service, using the most cost efficient means possible. The proposed alternate delivery service will meet the mailing and service needs of the community in a more cost effective manner.
- You expressed a concern about the loss of the Communities' identity. A community's identity derives from the interest and vitality of its residents and their use of its name. The Postal Service is helping to preserve community identity by continuing the use of the suspended Post Office name and ZIP Code in addresses and in the National Five-Digit ZIP Code and Post Office Directory.
- You expressed a concern that since the people of your community paid taxes the post office should remain open. The Postal Service is not supported by tax dollars and must meet expenses by revenue it generates. Operational savings for the Postal Service contributes in the long run to stable postage rates and savings for customers.
- You expressed a concern about growth in the community. The growth of a community does not depend on the location of a post office. Based on information obtained by the Postal Service, it was determined that there has been minimal growth in the area in recent years. Carrier service will be able to accommodate future growth.

If it is determined that a discontinuance of the ROSSER Post Office should be pursued, a formal proposal will be posted in the ROSSER Post Office(s) at a later date. If you have additional questions or comments, please feel free to contact Allison Rizan at (972) 393-6485.

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the ROSSER Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- You expressed a concern about the detrimental effect the loss of the post office would have on the community. Businesses generally require regular and effective postal services, and these will always be provided to the suspended Post Office community. There is no indication that the business community will be adversely affected. Questionnaire responses revealed that customers will continue to use local businesses if the post office is discontinued.

If it is determined that a discontinuance of the ROSSER Post Office should be pursued, a formal proposal will be posted in the ROSSER Post Office(s) at a later date. If you have additional questions or comments, please feel free to contact Allison Rizan at (972) 393-6485.

Dear Postal Service Customer:

Thank you for returning your questionnaire concerning the proposed discontinuance of the ROSSER Post Office. Your comments, along with others received, will be included in the official record and considered carefully before further action is taken.

In response to your letter:

- You expressed a concern about senior citizens. Carrier service is beneficial to many senior citizens and those who face special challenges because the carrier can provide delivery and retail services to Customers do not have to make a special trip to the post office for service. Special provisions are made for hardship cases or special customer needs. To request an exception for hardship delivery, customers may contact the administrative postmaster for more information.

If it is determined that a discontinuance of the ROSSER Post Office should be pursued, a formal proposal will be posted in the ROSSER Post Office(s) at a later date. If you have additional questions or comments, please feel free to contact Allison Rizan at (972) 393-6485.

Customers felt the loss of a post office would have a detrimental effect on the business community

Response:

You expressed a concern about the detrimental effect the loss of the post office would have on the community. Businesses generally require regular and effective postal services, and these will always be provided to the suspended office community. There is no indication that the business community will be adversely affected. Questionnaire responses revealed that customers will continue to use local businesses if the post office is discontinued.

2. Concern (No Opinion):

Customers were concerned about mail security

Response:

You expressed a concern about the security of mail. Customers may place a lock on their mailboxes. The mailbox must have a slot large enough to accommodate the customer's normal daily mail volume. The Postal Service does not open mailboxes which are locked and does not accept keys for this purpose.

3. Concern (No Opinion):

Response:

You expressed a concern about package delivery and pickup. Rural carriers will deliver packages that fit in your rural mail box, if the package does not fit in the mail box, the carrier will deliver the package up to 1/2 mile off of the line of travel, at a designated place, such as on your porch or under a carport.

7. Concern (Unfavorable):

Customer expressed a concern about the inability of the rural carrier to weigh and rate letters and packages

Response:

You expressed a concern about the inability of the rural carrier to weigh and rate letters and packages. The rural carrier will accept any letters or packages for mailing. The carrier will estimate the cost and provide a receipt for any money received. On the following delivery day the carrier will provide change or a bill for the amount over the estimate.

8. Concern (Unfavorable):

Customers expressed concern for loss of community identity

Response:

You expressed a concern about the loss of the Communities' identity. A community's identity derives from the interest and vitality of its residents and their use of its name. You expressed a concern that the Postal Service exhibits a lack of interest in the mailing needs of the community. The Postal Service is required to provide each community with regular and effective service, using the most cost efficient means possible. The proposed alternate delivery service will meet the mailing and service needs of the community in a more cost effective manner.

11. Concern (UnFavorable):

Customers expressed concern over the dependability of rural route service

Response:

You expressed a concern over the dependability of rural route service. Rural letter carriers perform a vital function in the United States Postal Service serving thousands of families and businesses in rural and suburban areas while traveling millions of miles daily. Rural letter carriers are highly respected by the American public. This respect has been earned by many years of dedication to the Postal Service and to postal customers. During national and local emergencies, including prolonged periods of extreme weather conditions, rural carriers have demonstrated great responsibility in providing mail service to postal customers. Rural carriers are required to serve the route expeditiously and arrive at boxes at about the same time each day.

12. Concern (UnFavorable):

Customers felt inclement weather and poor road conditions might impede delivery

Response:

You expressed a concern about inclement weather and poor road conditions, that this might impede delivery. Both inclement weather and heavy mail volume can cause deviations from the normal delivery schedule. However, the carrier is required to provide a vehicle of adequate size, equipped with necessary equipment (chains or snow tires, warning lights or signs, etc.) to serve the route safely and efficiently and in accordance with federal, state, and local motor vehicle laws and regulations.

15. Concern (UnFavorable):

Customers felt the post office should remain open since they paid taxes

Response:

You expressed a concern that since the people of your community paid taxes the post office should remain open. The Postal Service is not supported by tax dollars and must meet expenses by revenue it generates. Operational savings for the Postal Service contributes in the long run to stable postage rates and savings for customers.

16. Concern (UnFavorable):

Customers inquired about mailbox installation and maintenance

Response:

You expressed a concern about mailbox installation and maintenance. Customers are responsible for mailbox installation and maintenance. Mailboxes must be placed so that they may be safely and conveniently served by the carrier and must be located on the right-hand side of the road in the direction of the carrier's travel. Mailbox supports should conform to state laws and highway regulations. The Postal Service recommends that customers contact the administrative postmaster or carrier for advice on placement of mailboxes and mailbox height and supports.

19. Concern (UnFavorable):

Customers were concerned about a change of address
Response:

You expressed a concern about a change in address. Customers will be assigned a 911 address. The new address will continue to use the community name and ZIP Code. Mail will be forwarded in accordance with postal regulations, and change of address forms are available from the Postal Service to assist customers in notifying correspondents of the change.

20. Concern (UnFavorable):

Customers were concerned about growth in the community
Response:

You expressed a concern about growth in the community. The growth of a community does not depend on the location of a post office. Based on information obtained by the Postal Service, it was determined that there has been minimal growth in the area in recent years. Carrier service will be able to accommodate future growth.

21. Concern (UnFavorable):

Customers were concerned about having to make an address change on their bank checks and stationery
Response:

You expressed a concern about an address change. Customers that erect a rural mailbox along the carrier's line of travel will be assigned a 911 address. Customers can continue to use the community name, suspendoffice, in the last line of the address, however, in order to insure regular and effective service the Zip Code will change to adminzip.

22. Concern (UnFavorable):

Customers were concerned about later delivery of mail
Response:

You expressed a concern about delivery time. A customer's location on a carrier's line of travel determines the time of day mail is delivered. This, of course, precludes providing early delivery of mail to every customer because, no matter how we structure a route, somebody must be last. We do, however, carefully consider the volume of mail for each route so that we can deliver the greatest amount of mail at the earliest possible hour. With the largest fleet of delivery vehicles in the world we must pay special attention to energy conservation measures, to minimize vehicle and fuel expenses. When the price of gasoline goes up one cent per gallon our total gasoline cost rises more than \$8 million. Therefore, when structuring a route, we must balance our goal to deliver as much mail as possible as early as possible with the need to minimize the travel distance a route must cover.

23. Concern (UnFavorable):

Customers were concerned about mail security
Response:

You expressed a concern about the security of mail. Customers may place a lock on their mailboxes. The mailbox must have a slot large enough to accommodate the customer's normal daily mail volume. The Postal Service does not open mailboxes which are locked and does not accept keys for this purpose.

24. Concern (UnFavorable):

Customers were concerned about senior citizens
Response:

You expressed a concern about senior citizens. Carrier service is beneficial to many senior citizens and those who face special challenges because the carrier can provide delivery and retail services to . Customers do not have to make a special trip to the post office for service. Special provisions are made for hardship cases or special customer needs. To request an exception for hardship delivery, customers may contact the administrative postmaster for more information.

25. Concern (UnFavorable):

Customers were concerned about senior citizens

Response:

You expressed a concern about senior citizens. Carrier service is beneficial to many senior citizens and those who face special challenges because the carrier can provide delivery and retail services to . Customers do not have to make a special trip to the post office for service. Special provisions are made for hardship cases or special customer needs. To request an exception for hardship delivery, customers may contact the adminoffice postmaster for more information.

26. Concern (UnFavorable):

Customers were concerned about the quality of service, reliability, and integrity of the contractor

Response:

You expressed a concern about the quality of service, reliability, and integrity of the contractor. Award of the contract is based on evaluation of criteria including annual monetary amount, contractor ability and background, and the quality and location of the facility. The successful bidder must be bonded and will be trained, administered, and supervised by the Postal Service to ensure high standards of service.

27. Concern (UnFavorable):

You were concerned about having to travel to another post office for service

Response:

You expressed a concern about having to travel to another post office for service. Services provided at the post office will be available from the carrier, and customers will not have to travel to another post office for service. Most transactions do not require meeting the carrier at the mailbox. Stamps by Mail and Money Order Application forms are available for customer convenience.

Nonpostal Concerns

02/03/2011

As the Postal Service manager responsible for all Post Offices in your area, I would like your opinion concerning a possible change in the way postal services are provided. Our tentative plans will only lead to a formal proposal if we are satisfied that a maximum degree of regular and effective service can be provided.

If you would like an opportunity to discuss alternatives with us, a postal representative will be at Fire Station 204 Main St Rosser Texas 75157 on 02/15/2011 from 6:30 to 8:00 to answer questions and provide information about our service.

If you have any questions, you may contact Allison Rizan at (972) 393-6485.

Thank you for your assistance.

Sincerely,

We the citizens and customers of the Rosser Post Office hereby protest any change in the present status of our post office.

It is our desire to retain our post office at its present status operated by a postmaster and career postal employees.

We have many concerns, among them the sanctity of the mail and the inconvenience your proposal presents to us in delivering and sending the mail, particularly accountable mail. We are especially concerned over what effect your proposed action would have regarding the purchase of postal money orders. We are also aware of the documented abuse and identity theft that is possible through a contract mail station.

The Postal Reorganization Act of 1970 calls for providing a maximum degree of effective and regular postal service to rural areas, communities and small towns where post office are not financially self-sustaining.

We do not feel your proposals meet these criteria.

Customers of the Rosser, Texas Post office
